Analytic services provided by Standard & Poor's Ratings Services ("Ratings Services") are the result of separate activities designed to preserve the independence and objectivity of ratings opinions. Ratings are statements of opinion, not statements of fact or recommendations to buy, hold, or sell any securities. Ratings are based on information received by Ratings Services. Other divisions of Standard & Poor's may have information that is not available to Ratings Services. Standard & Poor's has established policies and procedures to maintain the confidentiality of non-public information received during the ratings process. Ratings Services receives compensation for its ratings. Such compensation is normally paid either by the issuers of such securities or third parties participating in marketing the securities. While Standard & Poor's reserves the right to disseminate the rating, it receives no payment for doing so, except for subscriptions to its publications. Additional information about our ratings fees is available at www.standardandpoors.com/usratingsfees.

Permissions: To reprint, translate, or quote Standard & Poor's publications, contact: Client Services, 120 Collins Street, Melbourne, Vic 3000 Australia, (61) 3-9631-2144. This report and the ratings contained within it are based on published information as of April 5, 2007. Subsequent information may result in the assignment of ratings that differ from the ratings published here. Please call Standard & Poor's at (61) 3-9631-2000 for the most recent rating assigned.

For Australian Users—In Australia, credit ratings are assigned by Standard & Poor's (Australia) Pty Limited, which does not hold an Australian financial services license under the Corporations Act 2001. Any rating and the information contained in any research report published by Standard & Poor's (Australia) Pty Limited is of a general nature. It has been prepared without taking into account any recipient's particular financial needs, circumstances and objectives. Therefore, a recipient should assess the appropriateness of such information to it before making an investment decision based on this information.
