DBRS Releases Monthly Servicer Report: Canadian ABS

Industry: Infrastructure Financing, Infrastructure Financing--Energy, Sec.--ABCP, Sec.--Auto, Sec.--CDO, Sec.--CMBS, Sec.--Covered Bonds, Sec.--Credit Card & Consumer Lending, Sec.--Equipment, Sec.--Other, Sec.--RMBS, Sec.--Student Loans, Split Shares & Funds, Structured Finance

DBRS today released the Monthly Servicer Report providing an overview of the Asset Backed Securities industry for the month ended September 30, 2007. The report provides detailed information on the conduits comprising the \$175.4 billion market with disclosure on issuance volumes and asset classes across the industry. It also separates the information for the Affected Trusts which are covered by the Montréal Accord. In addition, it details those financial institutions which have achieved the Global Liquidity Standard in advance of the December 31, 2007, target.

As of September 30, 2007, the total market size was \$175.4 billion with \$86.7 billion in Multi-Seller conduits excluding the Affected Trusts, \$53.8 billion in Single Seller Term Notes and \$34.9 billion in the Affected Trusts.

Note:

All figures are in Canadian dollars unless otherwise noted.
